PDQ Vehicle Wash Systems Receive Auto Dealer OEM Approvals

De Pere, WI – August 4, 2015 – [PDQ Manufacturing, Inc.](http://www.pdqinc.com), an industry-leading manufacturer of in-bay automatic vehicle wash systems, is pleased to announce that its LaserWash® AutoXpress® and ProTouch® AutoGloss in-bay automatic vehicle wash systems have received approval by 12 auto dealer OEMs.

Extensive evaluations by Chrysler, Hyundai, Jaguar/Land Rover, Kia, Lexus, Mazda, Mercedes-Benz, Nissan/Tech-Mate, Subaru, Toyota, Volkswagen/Audi and Volvo verified that PDQ LaserWash AutoXpress and ProTouch AutoGloss systems meet strict industry performance standards required for OEM approval.

“These important OEM approvals validate the performance and value of PDQ automatic vehicle wash systems to the industry,” said Tony Smith, Vice President of Sales - Auto Dealer Segment. “Dealers can now take advantage of PDQ’s innovations for superior cleaning, labor reduction and cost savings.”

The PDQ LaserWash AutoXpress is an affordable wash system that features advanced touch-free wash technology for a quick, superior clean with the ability to wash up to 23 vehicles an hour, including the largest SUVs and trucks. The PDQ ProTouch AutoGloss wash system is an energy-efficient three-brush gantry-style system that offers a larger wash envelope and next-generation brush control precision.
