DETAILING SUCCESS INKS PARTNERSHIP WITH TOP DETAILING PRODUCTS MANUFACTURER P&S SALES Duo to Demonstrate Innovative Car Care Lines at SEMA Next Week

BIG BEAR LAKE, CA November 2, 2015—Renny Doyle, owner of Detailing Success Automotive & Aircraft Training & Knowledge Center in Big Bear Lake, CA, and leader of the prestigious Air Force One Detailing Team, announces he has partnered with longtime friend and colleague Bob Phillips, president of P&S Sales, to endorse the P&S detailing products brand. Doyle, along with several members of his esteemed “Detail Mafia” and AFO team will join Phillips in booth #13019 at SEMA in Las Vegas next week (Nov.3-6) where they will debut their partnership and

demonstrate many of P&S’ high end product lines, especially those for advance paint correction & protection and polishes.

Phillips, who is a member of Doyle’s AFO team, took over P&S Sales from his father Bill Phillips, who started the successful detailing product development company 50 years ago.

Doyle has been testing and using the P&S line for a couple of years on his many nationwide detailing projects, and teamed up with the company in August as the exclusive detailers and detailing product providers at the 24th Annual Gordon McCall Motorworks Revival Event in Monterey, CA.

"My career in detailing has introduced to me to many innovative thinkers who genuinely want to develop products that clean and protect automotive paint while improving the detailing process for skilled technicians," says Doyle. "I take the testing and use of products in the field very seriously before making a decision on whether I trust them on the prominent jobs I am involved with; but I have been using P&S products for a while now and I am confident they perform to the high level of quality I demand. Sometimes you just know when something is right and I can't wait to showcase P&S products to the world."

Doyle is also hosting a Cigar & Spirits Social at Rhubarb during SEMA in Las Vegas Wednesday, November 4 at 7:30 p.m. Doyle and Phillips will share their experiences in the detailing industry over fine cigars and drinks of choice.

For more information about Detailing Success and P&S Sales, and their exhibition at SEMA, please contact Diane Doyle at Detailing Success at (909) 366-0909 or Bob Phillips at P&S Sales at (501) 333-5095.
