Onsite Shine is Atlanta's fastest growing luxury automotive and marine detailing shops and mobile detailing services.

Onsite Shine recently broke ground on their fifth location, a new \$1.5 million, 4,500-square-foot facility at the intersection of West Paces Ferry Road and Northside Parkway in Buckhead. That location will open later this year. Onsite Shine also opened a location in Mount Pleasant, SC.

Thomas and Gray have two detailing shops located inside Cartunes of Atlanta on Roswell Road and next door to Ferrari Maserati of Atlanta in Roswell, as well as a marine detailing location at Holiday Marina On Lake Lanier in Buford. Onsite Shine also has six mobile detailing units servicing all of metro Atlanta.

"The new Buckhead location is a \$1.5 million buildout unlike anything anyone has ever seen in the detailing industry with full service hand car washes and all types of exclusive detailing services," says Thomas.

Thomas attends the MTE every year where as an active member of the IDA, he contributes to their membership meetings and roundtable discussions often held at tradeshow and exhibitions several times a year.

"Our goal is to promote consistency in the detailing industry and that in turn ensures the detailer's customers are receiving the highest quality work available when using an IDA-certified detailer," says IDA president, Rob Schrufer. "Congratulations to Onsite Shine for being our Mobile Detailing Company of the Year. This means you are one of the best in the business."
