

# 3 IMPORTANT FACTORS OF CARWASH DOORS

Overhead doors are often the first carwash equipment seen by customers.

## Selection considerations

When choosing a door, compare features, benefits, ease of installation, future maintenance and how it fits your carwash's specific needs. Remember: The cheapest is most likely not the best.

## Appearance matters

Carwash doors should be clean, well-maintained and have an overall inviting appearance.

## Key advantages

Whether you choose a polycarbonate overhead or a vinyl curtain system, both door types should offer rustproof protection, reliability and fast operation.
